

FOR OFFICE USE ONLY

Project No:

Date Received:

Specified System Details

(One copy of this form is to be completed for each of the specified systems listed on the completed BAM 002-I, and is to be attached to the rear of that form along with any other attachments.)

SPECIFIED SYSTEM	
Reference number: <i>(assign a specific number for each system)</i>	
Specified system: <i>(Name the system)</i>	
System description: <i>(Include a basic description of the system, including make and model, purpose, location and extend of installation. Include references to plans and specifications where relevant.)</i>	
Performance standard: <i>(The performance standard may be a reference to a Compliance Document, Standard, or specific documentation depending on what each specified system was designed and installed to)</i>	
Inspection Procedure: <i>(Inspection procedures may be identified by a written description, or a reference to a standard or other document. If written, attach to rear as a separate document.)</i>	
Maintenance procedure: <i>(Maintenance procurers may be identified by a written description, or a reference to a Standard or other document. If written, attach to rear as a separate document.)</i>	
Reporting Procedures: <i>(Reporting procedures may be identified by a written description, or a reference to a Standard or other document. If written, attach to rear as a separate document.)</i>	
ATTACHMENTS	
Attach copies of the relevant parts of referenced documents to the rear of this form.
