

Summer Reading Challenge, the details...

The Why?

Research has shown that school children's reading achievement levels drop during the summer. Your primary school and the Grey District Library want to do everything possible to counteract this drop. Kids who read succeed!

The What?

The three challenges and their reading related tasks are designed to encourage you to read every day *and* have fun doing it! If you are in the early stages of learning to read, you can have someone else read to you.

The How?

To complete a challenge, read five books and do at least five tasks in the same challenge! Your five books can count toward your five tasks, so check your tasks as you read. To enter, you need to complete at least one of the three challenges. When you are done simply drop this entry form off at the Grey District Library or your school by Friday, 11 February 2022.
