2. All requests for financial support are to be dealt with as requests for grants.
3. Requests for grants from clubs, groups or organisations must be accompanied by full financial information.
4. Applications for grants are to be evaluated in terms of:
 - the direct benefit of the grant to ratepayers/residents of the district
 - the availability of funds from other sources for the project
 - the level of contribution to the project made by the applicant

Recipients will be required to account accurately for grants through providing Council with a report on how the funds have been spent. Evidence must be provided with this report and completed within 12 months of receiving the grant.

4. Has the organisation received, or have they applied, for funds from other organisations for the same project? If so, how much?
5. How much of their own funds does the organisation have to put towards, this request/project?
