## SUBMISSION ON AN APPLICATION FOR RESOURCE CONSENT UNDER SECTION 96 OF THE RESOURCE MANAGEMENT ACT 1991

PART A: DESCRIPTION OF APPLICATION

CONSENT NUMBER:	APPLICANT:						
WCRC: RC-2023-0046, GDC: LUN3154/23	TIGA MINER	RALS AND ME	TALS LTD				
DESCRIPTION OF PROPOSED ACTIVITY:							
Establish and operate a mineral sands mine, including construction of associated infrastructure.							
LOCATION:							
Barrytown Flats, west of State Highway 6 (Coast Road), 9km south of Punakaiki township and 36km north of Greymouth							
DART R. CURMITTER RET	All C						
PART B: SUBMITTER DET	AILS						
Full name/s	Karma Fore	ester					
Postal address							
I am the owner/occupier (delete one) of the following property:							
Primary contact person/s	Karma Forester						
Email address							
Phone number/s	Home:			Business:			
	Mobile:			Fax:			
Signature:					Date:		
					13/10/2023		
Name (BLOCK CAPITALS):							
KARMA FORESTER							
If this is a joint submission by 2 or more individuals, each individual's signature is required A signature is not required if you make your submission by electronic means.							
I/we <b>support</b> the application I/we <b>oppose</b> the application I/we <b>neither support nor</b>	า		ick on the ba	ick of this form	(tick one)		
					(tick one)		

If you wish to be heard, and others make a similar submission would you consider making a joint case with them at any nearing  Yes  No  If you indicated you wish to be heard, you will be sent a copy of the S.42A Officer's Report and a copy of the Decision once it is released. Please indicate below which format you would like to receive these documents in:  Electronic (CD) copy  Hard (paper) copy	I/we <b>wish to be heard</b> in support of my/our submission.					
Yes No  If you indicated you wish to be heard, you will be sent a copy of the S.42A Officer's Report and a copy of the Decision once it is released. Please indicate below which format you would like to receive these documents in:  Electronic (CD) copy Hard (paper) copy  If we have served a copy of my/our submission on the Applicant as per Section 96(6)(b) of the RMA  Yes  My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)  Inapose the application due to:  Industrial mining of the scale proposed would have significant and widely distributed adverse effects on people, the community and the environment.  The economic benefits of the proposal are uncertain and should neither compromise community safety and wellbeing nor contradict New Zealand's 100%. Pure environmental values in the pursuit of speculative economics by a predominantly Australian-owned company.  Heavy truck movements at the scale proposed would add significant carbon pollution, noise pollution and added risk to locals and vieiling tourists allike who will be interacting with heavy vehicle traffic from early hours, all day, and faller disk?, 7 days a week.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  There is the potential for unacceptate cumulative effects on the Westland petrel / Tablo population.  The proposal is contrary to the Resource Management A	I/we <b>DO NOT wish to be heard</b> and hereby make my/our submission in writing only.					
Electronic (CD) copy  Hard (paper) copy  We have served a copy of my/our submission on the Applicant as per Section 96(6)(b) of the RMA  Wy Yes  My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)  I oppose the splication due to: Industrial mining of the scale proposed would have significant and widely distributed adverse effects on people, the community and the environment.  The economic benefits of the proposal are uncertain and should neither compromise community safety and wellbeing nor contradict New Zealand's 100% Pure environmental values in the pursuit of speculative economics by a predominantly Australian-demed complany.  Heavy truck movements at the scale proposed would add significant carbon pollution, noise pollution and added risk to: locals and visiting tourists alike who will be interacting with heavy vehicle traffic from early hours, all day, and after day. The day revise the polential for unacceptable cumulative effects on the West Coast Regional Council's own "Untamed Natural Wilderness' strategy, which promotes the West Coast's most valuable asset: the natural environment. Local nature tourism operations and accommodation providers are likely to be adversely affected.  The proposal is contrary to the Resource Management Act, and many national, regional and district level objectives and policies designed to protect the environment. It also contradicts the Zero Carbon Act requirement to decarbonise and transition to a low emission economy.  I/we seek the following decision from the Local Authority:(give precise details)	If you wish to be heard, and others make a similar submission would you consider making a joint case with them at any hearing  Yes  No					
My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)  I oppose the application due to: Industrial mining of the scale proposed would have significant and widely distributed adverse effects on people, the community and the environment.  The economic benefits of the proposal are uncertain and should neither compromise community safety and wellbeing nor contradict New Zealand's 100% Pure environmental values in the pursuit of speculative economics by a predominantly Australian-owned company.  Heavy truck movements at the scale proposed would add significant carbon pollution, noise pollution and added risk to: locals and visiting tourists alike who will be interacting with heavy vehicle traffic from early hours, all day, and after dark, 7 days a week.  The adverse effects on the local community would be absolutely detrimental. The proposal would degrade the natural character of the coastal environment, social fabric of the community, and recreational values. There is the potential for unacceptable cumulative effects on the Westland petrel / Täiko population.  Industrial mining on the scale proposed would dearly contradict, and jeopardise, the West Coast Regional Council's own "Untamed Natural Wilderness" strategy, which promotes the West Coast's most valuable asset: the natural environment. Local nature tourism operators and accommodation providers are likely to be adversely affected.  The proposal is contrary to the Resource Management Act, and many national, regional and district level objectives and policies designed to protect the environment. It also contradicts the Zero Carbon Act requirement to decarbonise and transition to a low emission economy.
