Yes

My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)

The latest from GeoNets research says that the probability of a magnitude 8+ earthquake on the Alpine Fault in the next 50 years is at 75%. Why is there no JHA or JSA available for this likelihood from Tigo. The RDC & West Coast Regional Council has to protect ratepayers by implementing strict guidelines for Tigo's mining operation but there are no specifics regarding earthquakes and Tsunamis.

I/we seek the following decision from the Local Authority:(give precise details)

For the RDC and The West Coast Regional Council not to grant Tigo a mining licence because Tigo falls well short of detail and specifics required to be granted one.
